

STARTER PACKAGES - SAIGON

HCMC - Ho Chi Minh City (still called Saigon by most locals) is a charismatic, bustling city of over 10 million - with almost the same number of scooters! Within the seeming chaos of the traffic there is an unfathomable order - somehow (some say miraculously) it seems to work. The city abounds with many types of restaurants as do the prices which can start at .50¢ for a noodle soup at a street stall

A great city to start your exploration of beautiful Vietnam. We can design a full itinerary for you that can encompass some of the 'must-see' destinations or you can just start here and do your own thing
